## BUSINESS INFORMATICS

**Date of birth**  
27 June 1994

**Address**  
Am Weidengraben 66, 54296 Trier

**Mobile**  
0172 4375207

**E-Mail**  
mo.kuenzl@gmail.com

### ABOUT ME

Hi, I am Moritz. Thank you giving me a chance and reading my application.

In the last years I focused on my master studies, which I successfully finished in September 2021. Now I am looking for further challenges and a job where I can learn new things and develop myself.

I would describe myself as a calm and open person who learns quickly, listens well and values punctuality.

### EDUCATION

(2013 - 2017)

#### BACHELOR IN BUSINESS INFORMATICS

University Trier

##### Bachelor thesis topic

Automated replication estimation for simulation experiments (REST Webservice)

(2017 - 2021)

#### MASTER IN BUSINESS INFORMATICS

University Trier

##### Focus on computer science

Software Engineering

##### Focus on business informatics

Information, process and logistics management

##### Master thesis topic

Formative studies on runtime-based clustering of threads

This included the development of a tool (CLEX) for the automatic generation of clustering data, as well as the creation of an extensive corpus of concurrent programs. These were finally used in a study on the applicability of clustering threads based on their runtimes at program locations, as well as another study to evaluate the added value of clustering with respect to program comprehension.

### CAREER

(2013 - 2016)

#### EDUCATION SERVICE TRAINER

Caritas Jugendhilfe

Margaretenstift

(2015 - 2017)

#### CLERK / CASHIER

Wasgau Einzelhandelsmarkt

Waldrach
